EARL HIGGINS AND HIS UNCLE BOBBY PICTURED WITH BILL MILLER, JR. AND LANCE MILLER, OWNERS OF CARLISLE EVENTS DURING THE CHARTER VENDOR APPRECIATION DINNER HELD DURING FALL CARLISLE 2014

Earl Higgins, Jr., Loyal Charter Vendor

By Sarah Burkarth, Carlisle Events Social Media Coordinator

A true Carlisle veteran is someone that has been attending shows since year one, 1974. Earl Higgins, Jr. is a true Carlisle original, having been part of the “original gang” since day one. Earl hails from Clifton Forge, Virginia and makes the trip to Carlisle twice a year.

Higgins has almost attended every single fall and spring show in history, missing only one show in the last 40 years. Earl’s Uncle Bobby, who is also a Virginia native, accompanies him each year and together they occupy his vendor spaces (NA 31-32, NB 27-31, 33-34) where inventory includes Chevrolet parts, but he does purchase and sell a wide variety of things.

Higgins sells car parts and memorabilia that he has acquired over the years. He finds his merchandise from local flea markets and other secondary

market outlets. “It’s sad, but I do find a lot of the older car parts that I want at estate sales and auctions. It is much harder to find those parts anywhere else nowadays.” Higgins says it is getting harder as the years go by to find parts because garages aren’t what they used to be. The fall and spring shows are where Higgins has also been purchasing merchandise recently. “People have approached me with parts they think I would like; it’s a good way to stock my own inventory.”

Collecting antique cars is one of Higgins’ hobbies when he is not attending Fall and Spring Carlisle. His collection includes a 1923 Earl, 1924 Chevy Coupe, 1927 Chevy Capitol Coupe, and a 1927 panel truck with an interesting story behind it. Higgins bought this truck at the very first fall show in 1974 and it is

still a prized possession of his.

One of the reasons that Higgins keeps returning to Carlisle is because he has made friends with multiple vendors and customers over the last 40 years. “It gets hard to remember their names when I only see them twice a year, but I remember all of their faces,” said Higgins. “The tight-knit community here at Carlisle is something we are very proud of because it keeps people coming back year after year.”

Higgins does attend other car shows in Pennsylvania, Florida, and some local ones in Virginia, but Carlisle is by far his favorite. At 72 years old, he still wishes to attend every single fall and spring show. “I have enjoyed the last 40 years, and I hope to live long enough to attend many more shows at Carlisle with my Uncle Bobby.”

BARRY WASHINGTON (LEFT)

Barry Washington, Alaskan-Born Carlisle Fan

By Sarah Burkarth, Carlisle Events Social Media Coordinator

A town accessible only by boat does not sound like an ideal place to live for a person that loves to drive. Perhaps that is why Barry Washington had his eyes set on visiting the Carlisle Fairgrounds ever since he came across our magazine ads in 2001.

Washington's mother and father met on a fishing trip in Canada. Not long after, the two moved to Ketchikan, Alaska, a fishing village. Along came Barry Washington, born in 1967. He has always been a car enthusiast, owning a rare 1970 Dodge Challenger T/A at age 19. Ketchikan only has a few paved roads so unfortunately he was not able to take it out on the open road.

Washington worked in construction, a job that can be quite difficult in Ketchikan where there is 13 feet of rain annually. Dreaming of warm sunshine, he began to research car shows. The Carlisle Chrysler

Nationals was at the top of his list, as he heard it was "well organized and much cleaner than other shows."

He first set foot on the Carlisle Fairgrounds in 2001 at the Chrysler show. The weather that July weekend was spectacular. More than 41,000 people passed through the gates, and although it can't officially be confirmed, it's safe to say that Washington was the only Alaskan native in attendance. He has visited our events almost each of the past 14 years.

This past August, he packed his bags and said goodbye to Alaska. Washington opted for a town with more paved roads and, of course, closer to the Carlisle Fairgrounds. He now lives within minutes of Carlisle and is eager to become a regular at the spring and falls shows.

Washington continues to run two registry websites; challengertaregistry.com and hamtramck-historical.com.

These registries help people match up misplaced broadcast sheets and serial numbered components such as fender tags, engine blocks and transmissions. As of now, 395 of these items have been claimed and thousands of items are still available for their owners to claim them. The Challenger registry has been running for 15 years and the goal is to record the history of every Challenger T/A made. The Hamtramck registry name comes from a town in Michigan where the largest Chrysler Corporations assembly plant was located, and since they did not keep records, Barry's site is trying to build an accurate historical record of these cars.

Stories like Barry's make us proud. For a family-owned company in a small PA town to attract people from around the world — and get them hooked — is a true testament to the power of the collector car hobby.

CORVETTE AMERICAN FLAG DISPLAY, 2010

Event Highlights

By Sarah Burkarth, Carlisle Events Social Media Coordinator

For over 40 years now, Carlisle Events has been one of the leading names in the automotive hobby. That is all thanks to you, the loyal Carlisle fans that keep coming back year after year. To keep our events fresh and exciting, we have been implementing features, anniversary celebrations, reunions and much more. The 2015 schedule has some big things in store and we are excited to share them with you.

The Ford Nationals will honor the GT, GT350, Thunderbird, Merkur and Starliners. The Velocity Channel will also be filming an upcoming episode here that weekend. The GM Nationals has an 80's theme this year and is celebrating the 30th anniversary of the IROC-Z

Camaro. We will also host the first-ever Chevrolet Camaro.

The Chrysler Nationals is also taking a trip back in time with the Forward Look Reunion featuring unique cars from 1955-1961.

A brand new display, Slam it Like it's Hot, will take place this July at Performance & Style, showcasing slammed and lowered trucks.

The Truck Nationals in August will once again be a family favorite, as the zip line, mechanical bull, and rock climbing wall will all make an appearance. Don't miss the Megasaurus and Transaurus monster truck show! With their consumption of full-size cars and ability to breathe fire, these jaw-dropping monsters will

wow everyone.

The patriotic theme during Corvettes at Carlisle will include a display in tribute to heros and once again create the American Flag made entirely out of Corvettes.

If you haven't heard, Carlisle Events has moved the Florida shows! Fall and Winter Florida AutoFest (formerly Zephyrhills AutoFest) will now take place in Lakeland at the Sun 'n Fun complex. The facilities will surely impress all who attend, and the surrounding town is full of excitement.

We hope you enjoy your visit to the Carlisle Fairgrounds and always welcome your suggestions. Call or send us an email with your thoughts.

PART-TIME STAFF HOLIDAY PARTY

FULL-TIME STAFF HOLIDAY PARTY

Carlisle Events: Teamwork is Key

By Sarah Burkarth, Carlisle Events Social Media Coordinator

Many people have the misconception that our staff works only during the summer months. In order to successfully plan and prepare for our 13 annual events, we have a full-time staff of about 35 people and a handful of part-timers who work year-round.

Our office is structured with six separate departments that each have their own role to fulfill in producing successful events.

You're probably most familiar with the owners, Bill Miller, Jr., Lance Miller and Bill Miller III.

During events, our part-time staff are the most visible as they

run our gates, parts hauling and taxi service, security, sanitation, parking and more.

The event managers are responsible to organize the showfields, schedule special guests, displays, bands, seminars, etc.

The customer service department can be found in the vendor services office during the events and are the ones who take your calls and registrations.

The facilities department constructs, fixes and maintains everything for Carlisle Events.

The marketing department is responsible for public relations

and everything that is published in print and on the Internet.

Our accounting/human resources department manages our essential seasonal team which consists of about 250 people ages 15 to 80.

Our business development group obtains sponsors, most notably seen on the Midway.

Not only does the Carlisle Auctions team plan and run the auctions, they are always looking for quality vehicles.

There are even more parts to the Carlisle Events machine, and they all work together to produce the best automotive events for you.

Official Auto Transport Company

Expert care and high-quality customer service set Montway Auto Transport miles apart from other auto movers. As one of the country's largest and most reputable auto shipping companies, we move over 6,000+ vehicles each month, safely and securely across all 50 states, open or enclosed transport, accommodating every type, special care and exotic, military, snowbird, and expedited shipping. Our customers include thousands of satisfied individuals, as well as corporate customers in the moving and relocation, dealership, auctions, and OEM industries. We also provide specialized shipping and technology solutions for corporate customers, with single to full-load capabilities.

Preferred Auto Parts Store

RockAuto ships thousands of auto parts from over 300 manufacturers to customers on every continent except Antarctica – including APO/FPO addresses. The RockAuto catalog is updated daily with mechanical parts such as brake pads and shock absorbers, body parts such as bumpers and mirrors, interior trim such as door handles and carpets, and major assemblies like steering gears, CV axles, engine long blocks, and complete transmissions. There are no mechanics on staff (RockAuto is a store, not a repair shop) but service manuals are available to help customers learn how to perform a repair. The RockAuto catalog is expanding constantly. Someday, it may be possible to build an entire car using parts from RockAuto!
